Hormone Expert and Wellness Author Michael E. Platt, M.D. To Be Interviewed About the Healing Power of Natural Bio-Identical Hormones on A Time to Heal Radio with Rev. Claudia McNeely October 29, 2007

Los Angeles, CA - Dr. Michael E. Platt, board certified internist, bio-identical hormone expert, and author of the highly-praised *The Miracle of Bio-Identical Hormones, How I Lost My: fatigue, hot flashes, ADHD, ADD, fibromyalgia, PMS, osteoporosis, weight, sexual dysfunction, anger, migraines...* will be interviewed on the A Time to Heal Internet Radio Show by Rev. Claudia McNeely, Monday, October 29, 2007 at 9:00 pm EST.

The program can be accessed at the MixTalk Internet address, or through the AskClaudia website. The one-hour interview will include a discussion of health issues, balanced hormones solutions for chronic diseases (especially fibromyalgia), and Dr. Platt's new book, now selling on Internet book-seller websites (Amazon, Barnes & Noble, and others), and in U.S. bookstores. Rev. Claudia McNeely is an author, radio host, medical intuitive, and hypnotherapist.

Wellness colleagues, book reviewers, and patients in the U.S. and abroad laud Dr. Platt's *The Miracle of Bio-Identical Hormones* for its "reader-friendly exploration" of how natural (non-synthetic) bio-identical hormones can have the power to heal many maladies often considered "incurable." "This is the most important health book published this year, or any year for that matter. It's an easy, fascinating, highly-informative, even life-changing read," states Barbara Morris, compounding pharmacist and author of *Put Old On Hold*. The book is also considered an excellent primer for compounding pharmacists and others in the wellness community who work with bio-identical hormones.

Distributor Jim Riordan of Seven Locks Press previewed Dr. Platt's work to the publishing world at Book Expo 2007, the U.S. book industry's premiere event; it was immediately acquired for distribution in Great Britain, Australia, and South Africa. Further rights sales are being firming following the Frankfurt Book Fair which was held October 9-14, 2007 in Germany.

Dr. Platt, founder of the Platt Medical Center in Rancho Mirage, CA, is internationally known for his innovative, preventive approach to medicine through the use of natural (not synthetic) bio-identical hormones, mostly progesterone, for ADD/ADHD, fibromyalgia, osteoporosis, PMS/menopause, sexual health, weight loss, migraines, and more. His protocol has many patients successfully relinquishing most if not all of their medications. Dr. Platt has devoted 34 years of his practice to wellness, and, since 1983, to the concept of balanced hormones which, comments Dr. Platt, "apparently is still not taught in medical school."
